

National Life Science Entrepreneurship Awareness Programme

Fostering the entrepreneurial spirit through experiential interaction

March 28, 2017
VIT, Vellore

BREC BIRAC Regional Entrepreneurship Centre
A BIRAC - C-CAMP Initiative

About BREC

The surge of innovation-led bio-entrepreneurship across India has laid the foundation of a biotech startup nation.

It is imperative to create and build an environment that will support and equip these startups with the necessary knowledge, networks and mentoring.

The BIRAC Regional Centre Entrepreneurship Centre at C-CAMP will, through several programmes, provide all the inputs required to transform early stage ventures into successful and sustainable businesses.

National Life Science Entrepreneurship Awareness Programme

About this programme

The focus of this Life Science Awareness Programme is to encourage students to view entrepreneurship as a positive career option.

The event will elucidate on the biotechnology eco system with relevance to start ups. Besides talks and interactive sessions in colleges and institutes of higher learning, sessions will draw on the first hand experiences of industry experts and successful entrepreneurs.

Who should attend

The event is a must- attend for Post Graduate and Ph.D students in the life sciences, engineering and medical fields.

Speakers

Dr. Ravi Kumar

Nandita Chandavarkar

Agenda

Kamaraj Auditorium, 7th Floor, Technology Tower, VIT, Vellore

2.00 – 2.05 pm
Registration

2.10 – 2.15 pm

5.15 – 5.30pm
Interactive Session with Entrepreneurs
Dr. K. K. Narayanan &
Dr. B. V. Ravi Kumar

Dr. Ritu Mehdiratta

Dr. K.K Narayanan

Biotechnology Industry Research Assistance Council (BIRAC) is a not-for-profit, Section 8, Schedule B, Public Sector Enterprise, set up by Department of Biotechnology (DBT), Government of India as an Interface Agency to strengthen and empower the emerging Biotech enterprise to undertake strategic research and innovation, addressing nationally relevant product development needs.

BIRAC implements its mandate through it providing access to risk capital, technology transfer, IP management and mentorship.

Centre for Cellular and Molecular Platforms – C-CAMP (www.ccamp.res.in), a Department of Biotechnology, Government of India initiative, is considered one of the most exciting centres for technology-based innovation in India in the field of life sciences.

C-CAMP was established with the aim of enabling cutting-edge bio-science research and entrepreneurship, by: i) developing and making available state-of-the-art technology platforms and providing training on these technology platforms to academia and industry and ii) building a thriving ecosystem to stimulate innovation and promote bio-tech entrepreneurship in India.

Centre for Cellular and Molecular Platforms – C-CAMP
